Located in the Auvergne Volcanoes Park, near ski resorts and Besse (a beautiful medieval village), the Datcha Anastasia is a large building in stone of Volvic. Inside the mezzanine open on 3 levels, overlooks a huge stone fireplace, 3 rooms of theme: one Russian, one Japanese and one African. Deco "bo-bo", contemporary furniture. Home cooking (Mediterranean or French). We prefer organic and local products. The region is full of activities (walking, heritage discovery, gastronomy, wine, skiing, thermal resorts, equestrian welcome. And the landscape.. Beautiful! Very easy access by motorway: A71 from Paris, A75 from Montpellier and A89 from Lyon & Bordeaux
